

GLOBAL FORTUNE 500 COMPANY
LOCATION: SCOTTSDALE, AZ

Sr. Financial Analyst - \$80-\$100K

Position Summary The Senior Financial Analyst will ensure that internal reporting requirements are completed accurately and timely and that costs are allocated in accordance with Henkel guidelines. This position will also assist the Financial Controller in implementing procedures and controls, as well as in the coordination and implementation of the annual planning process, including forecasts.

Job Responsibilities

- Execute the financial closing activities and produce periodic internal reporting packages and supplemental schedules to the business and parent company.
- Oversee the maintenance of Masterdata within the Controlling environment, including cost centers, profit centers, and allocations.
- Coordinate closing activities and liaison with off shore competency center on cost accounting.
- Assist and support in, freight, deductions, upload worksheets, Order To Cash processes and other business processes as required.
- Assist in coordinating the preparation of the Annual Operating Plan for North American Detergents and Cosmetics Businesses and SSO Functions.
- Work with Global Process Owners to implement system changes, upgrades and enhancements to established controlling processes.
- Analyze assigned systems, policies, and procedures. Recommend, direct, and implement changes.
- Assist with other financial projects as directed.

Minimum Requirements

- Bachelor's degree in Accounting or Finance is required.
- 5 years or more of experience in the areas of accounting, cost analysis and management reporting.
- Familiarity with SAP a plus.
- Proficiency in SAP – especially in the Controlling Modules.
- Exposure to cost accounting.
- Proficiency in spreadsheet and word processing software.
- Good verbal/written communication skills.
